FIND THE PERFECT TAYLOR MACHINE FOR YOUR BUSINESS

Your Guide to High-Performance
Equipment & Big Savings

 TAYLOR®

WHY TAYLOR?

THE RIGHT EQUIPMENT, MORE PROFITS

Choosing the right equipment for your business can mean the difference between **faster service, higher sales, and happier customers** or **slow operations and lost revenue**. Taylor's industry-leading machines for soft serve, frozen cocktails, and grills are designed to help your business thrive.

And right now, there's **never been a better time to upgrade**.

WHY TAYLOR MACHINES?

- ✔ **Speed & Efficiency** – Serve more customers with consistent, high-quality products.
- ✔ **Proven Profitability** – High-margin menu items that drive repeat business.
- ✔ **Built to Last** – Reliable equipment backed by expert, local distributor support.
- ✔ **Limited-Time Savings** – Get a one year service contract and **\$500 off any Taylor machine** before June 25, 2025. Get an additional **\$500 off in-stock Taylor equipment** when installed by April 30, 2025.

FIND THE RIGHT TAYLOR MACHINE FOR YOUR BUSINESS

Taylor machines are designed to help maximize efficiency, increase profits, and deliver the consistency your customers expect—whether you're serving soft serve, frozen cocktails, or sizzling burgers.

SOFT SERVE & SHAKES: HIGH-PROFIT, LOW-LABOR FROZEN TREATS

Perfect for operations that want to give customers a sweet treat fast. From ice cream shops to convenience stores, fast food chains to entertainment venues, and everywhere in between, Taylor equipment makes serving frozen desserts easy.

- **Profitable & In-Demand** – Frozen desserts are high-margin menu items that drive repeat business.
- **Easy to Operate & Maintain** – Heat-treatment models reduce labor and daily maintenance needs.
- **Flexible Footprint Options** – From compact countertop units to high-capacity machines, there's a Taylor model for every space.
- **Expand Your Menu** – Serve soft serve, frozen yogurt, shakes, and more with one easy-to-use machine.

GRILLS: FASTER COOKING, CONSISTENT RESULTS

Perfect for any operation looking to cook faster, serve more, and keep quality high. From quick-service restaurants to hotel kitchens and food trucks, Taylor grills keep up with demand.

- **Twice the Speed, Half the Effort** – Two-sided grilling cuts cook times in half for burgers, chicken, and more.
- **Lower Labor Costs** – Programmable controls ensure perfect cooking without constant supervision.
- **Unmatched Consistency** – Deliver the same great taste and quality every time, no matter who's on the grill.
- **Built for Your Needs** – Choose from multiple configurations, including gas and electric models.

AVAILABLE MODELS:

- **Crown Series** – Precision cooking with advanced technology
- **One, Two, or Three Platen Options** – Scalable solutions for any kitchen size
- **Gas or Electric Power** – Flexible choices to fit your operation's needs

REAL BUSINESSES, REAL SUCCESS + HOW TO CLAIM YOUR \$500 DISCOUNT

PLUM CREEK CREAMERY: GROWING A BUSINESS WITH TAYLOR MACHINES

Plum Creek Creamery started as a small roadside stand, but after adding **Taylor soft serve and grill equipment**, the business grew rapidly. Today, they operate a thriving farm market, creamery, and grill—serving thousands of customers every week.

“We have five Taylor machines in our shop, and since we opened our doors in 2020, I don’t think we’ve had a single day where any of them have been down for the whole day. You never build a perfect machine that never breaks, but I think Taylor gets as close to that line as you’re going to get.” – Keith Zimmerman, Owner, Plum Creek Creamery

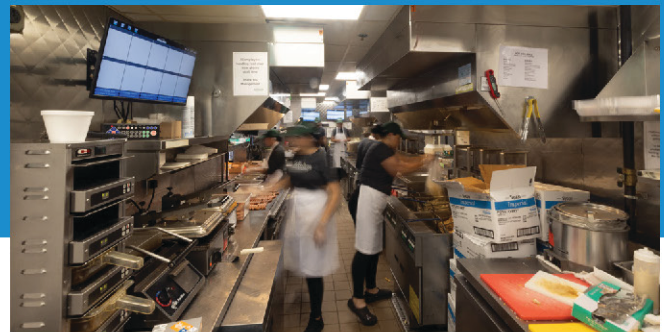

For Keith, **Taylor’s reliability, consistency, and ease of use** have been key to keeping customers happy and operations running smoothly.

“The consistency of the product is really a big deal. If a customer comes in and orders a soft serve cone or a burger today, they expect it to taste exactly the same the next time they visit. Taylor equipment helps us make sure that happens.”

SULLIVAN'S: 40 YEARS OF SUCCESS WITH TAYLOR SOFT SERVE MACHINES

Since 1951, Sullivan's has been a **Boston institution**, serving up classic comfort foods and their **signature soft serve ice cream** to generations of customers. When they expanded beyond their **historic Castle Island location**, they knew they needed equipment that could keep up with high demand while maintaining **consistency, reliability, and speed**—and Taylor was the clear choice.

"We have two Taylor soft serve machines at our South Boston location, and if one goes down, it's catastrophic because people want their ice cream. But honestly, that rarely happens. In all our years using Taylor machines, we've never had a major issue. If we do need service, they're out the same day or the next morning. That peace of mind is priceless."

– Dan Sullivan, Owner, Sullivan's

Sullivan's serves **thousands of customers a day** at peak season, and Taylor machines help ensure every cone, shake, and sundae is served quickly and consistently.

"The consistency of the product is everything. People come back year after year expecting that same perfect vanilla-chocolate twist cone, and Taylor helps us deliver it every time."

Taylor equipment is built for businesses that need **high-performance, high-volume** solutions with **minimal downtime and maximum reliability**. And now, you can get **\$500 off your purchase**.

HOW TO CLAIM YOUR \$1,000 DISCOUNT & ONE-YEAR SERVICE CONTRACT

For a limited time, you can save \$1,000 on in-stock new Taylor equipment through Rocky Mountains Distributing. Purchase any new Taylor machine before June 25, 2025, and receive \$500 off, along with a one-year service contract.
